

Buying Something

The same five steps in every shop

1

FIND THE PRICE

Dollars first, then cents

2

CHECK I HAVE ENOUGH

Round up to the next whole dollar

3

HAND OVER THE MONEY

To the person, not onto the counter

4

WAIT FOR MY CHANGE

Stay at the counter

5

COUNT IT AND SAY THANK YOU

Before I walk away

If something goes wrong:

Not enough money — “I’ll leave this one, thank you.”

Change looks wrong — “Excuse me, I think the change is wrong.”
