

How Do I Know What He Feels?

Two clues, every time

1

HIS FACE AND BODY

What are his eyes, mouth and shoulders doing?

2

WHAT JUST HAPPENED

Did he lose a turn? Did something go wrong for him?

Put them together

“He looks ——— . I think because ——— .”

A guess is allowed

You do not have to be certain. A guess with a reason is the whole skill.
If you are not sure, you can ask him.
